

The image features the acronym 'ASAP' in large, blue, hand-drawn letters. To the right of the letters is a blue silhouette map of Alaska with a yellow line tracing a path across the state. The background is a scenic landscape of a marshy area with a body of water and green grass under a cloudy sky.

AGDC Announces Formation of Community Advisory Council

The Alaska Gasline Development Corporation announces the formation of a Community Advisory Council to promote communication and collaboration along the in-state pipeline route. The Alaska Gasline Development Corporation is tasked with developing the in-state natural gas pipeline known as the **ASAP** project (Alaska Stand Alone Pipeline).

ASAP Community Advisory Council Co-chairs Tim Navarre of Kenai and Mayor Jason Mayrand of Nenana are pleased with the progress being made on the structure of the council. Co-chairs commented “we look forward to receiving deliverables from AGDC; the immediate Council goal is to provide project reports to the communities along the alignment as early as mid-July”.

ASAP Community Advisory Council has held two meetings and the Co-chairs advise they are looking to fill vacancies in SouthCentral, the North Slope and the MatSu Valley at the earliest opportunity to provide complete coverage along the alignment. To represent a community or a stakeholder group on the in-state pipeline Community Advisory Council, please contact AGDC Public Affairs at 907.330.6321 or contact Co-chair Tim Navarre at

Timnavarre@gmail.com or Mayor Jason Mayrand at nenana1@nenana.net.
